

LAUREA MAGISTRALE IN INGEGNERIA CIVILE
Curriculum Structural Engineering e Ingegneria delle Infrastrutture

A.A. 2025-2026

Professional developments activities / Corsi professionalizzanti

“Seminar Series on Design of Structures and Infrastructures”

Program

- 16/04 thursday, 14:30 – 17:30 room Chemistry section
Design of water supply and sewerage systems - Case studies (3 hours)
Lecturer: Eng. Alessandro Berni, Associate at Cooprogetti srl - Arezzo
- 23/04 thursday, 14:30 – 17:30 room Chemistry section
Hollow-core slabs: technology and design (3 hours)
Lecturer: Eng. Michele Caniglia, Generale Prefabbricati S.p.A.
- 30/04 thursday, 14:30 – 17:30 room 1
Prefabricated structural beams: technology and design (3 hours)
Lecturers: Eng. Giuseppe Fiorucci and Eng. Gianmarco Borgioni, Borgioni S.r.l.
- 07/05 thursday, 14:30 – 16:30 room 1
Precast columns: technology and design (2 hours)
Lecturers: Eng. Michele Caniglia, Generale Prefabbricati S.p.A.
- 07/05 thursday, 16:30 – 18:30 room 1
Design and construction of prefabricated segments for tunnels and safety barriers (2 ore)
Lecturers: Eng. Stefano Matteucci, Cancellotti S.r.l., Eng. Andrea Bianchi, Abesca Europe
- 14/05 thursday, 14:30 – 16:30 room 1
Connections and foundations for precast columns: technology and design (2 hours)
Lecturer: Eng. Graziano Baldoarani, Manini Prefabbricati S.p.A.
- 14/05 thursday, 16:30 – 18:30 room 1
The Role of Regional Environmental Protection Agencies in Environmental Monitoring and Protection (2 hours)
Lecturers: Marco Vecchiocattivi, ARPA Umbria
- 21/05 thursday, 14:30 – 16:30 room 1
BIM in railway infrastructure design (2 hours)
Lecturers: Eng. Federico Durastanti, Eng. Fabio Negozio, Sintagma S.r.l.
- 28/05 thursday, 14:30 – 17:30 room 1
Infrastructure design: Methods, tools and project management - Case studies (3 hours)
Lecturers: Eng. Simone Pellegrini and Eng. Viviana Valentini, RPA S.p.A. - Perugia
