

# 1<sup>st</sup> Final Year Meeting

# CEEP<sup>h</sup>D DAY

**Location** Teams platform - Campus of Engineering of University of Perugia  
Latitude: 43.118177 Longitude: 12.357942

**Timetable** October 26<sup>th</sup> 2020 - 2:00 p.m. (CET)  
General Channel (CEEP<sup>h</sup>D Team)

## Program

<b>14:00</b>	<b>Welcome address</b>	
<b>14:20</b>	<b>First Year Presentations (XXXV Cycle, 15 min + 5 min questions)</b>	
14:20-14:40	Garcia Macias Enrique	Online damage identification of structures via continuous in-operation ambient vibration monitoring
14:40-15:00	Liberotti Riccardo	Defence of Architectural and Cultural Heritage: a Multidisciplinary Approach across Restoration, Reuse and Structural Strengthening of Historical Masonry Buildings
15:00-15:20	Maietta Filomena	On the dynamic interaction between supply regulating devices and network functioning conditions: laboratory tests
15:20-15:40	Meschini Michela	Historical heritage modeling. The BIM approach to architecture.
15:40-16:00	Pelliccia Giulia	Timber generative architecture
16:00-16:20	Rubin Andrea	Monitoring of the dynamic behaviour of a water distribution system
16:20-16:40	Saraceni Miriam	Numerical modeling of the water cycle budget in the context of global warming
16:40-17:00	Schiantella Mattia	Limit analysis of non-periodic masonry by means of discontinuity layout optimization: parametric investigation and comparison with FEM methods.
17:00-17:20	Seccaroni Marco	Cognitive sciences for urban space
17:20-17:40	Sorignani Camilla	GENIUS LOCI. The contextualism as an archetypal principle of architectural composition for the enhancement of the relationship between artifice and nature
17:40-18:00	Tirello Lorenzo	Management of transients in long transmission mains
<b>18:00</b>	<b>Ice Breaking Presentations (XXXVI Cycle, 1 min each)</b>	
<b>18:20</b>	<b>International Faculty Board</b>	
<b>19:00</b>	<b>Closure</b>
