

Curriculum Vitae MAURIZIO NATALI

Personal information 	Name	Maurizio
	Surname	Natali
	Address	Via G. Leopardi 42, 62014 Petriolo (Mc), Italy
	Telephone	(+39) 0733/550610
	Mobile	-
	E-mail	maunat@hotmail.com - maurizio.natali@unipg.it
	Date of birth	05/07/1976
	Nationality	Italian
	Mother tongue	Italian
	Skype contact	maunat1976
	Linkedin profile	https://www.linkedin.com/profile/view?id=56111276&trk=hp-identity-name
	Driving license	B

Current occupation	01/08/2016 – to date	PostDoc researcher at University of Perugia (Italy) - (Assegnista di ricerca)

Older positions	01/08/2015 31/07/2016	PostDoc researcher at University of Perugia (Italy) - (Assegnista di ricerca)
	01/08/2014 31/07/2015	PostDoc researcher at University of Perugia (Italy) - (Assegnista di ricerca)
	01/08/2013 31/07/2014	PostDoc researcher at University of Perugia (Italy) - (Assegnista di ricerca)
	01/08/2012 31/07/2013	PostDoc researcher at University of Perugia (Italy) - (Assegnista di ricerca)
	01/08/2011 31/07/2012	PostDoc researcher at University of Perugia (Italy) - (Assegnista di ricerca)
	15/02/2010 14/02/2011	PostDoc researcher at University of Perugia (Italy) - (Assegnista di ricerca)
	04/07/2006 30/11/2006	INSTM fellowship at University of Perugia (Italy)

Curriculum Vitae MAURIZIO NATALI

Cooperation with industrial or academic/government institutions/agencies		
	3	Temporary cooperation with AVIO Space on the topic of the heat shielding materials for Solid Rocket Motors. An elastomeric ablative compound for solid rocket motors with an improved ablation resistance was studied: the obtained results will be exploited in the VEga Consolidation and Evolution Preparation Programme (VECEP) .
	2	Temporary cooperation with the European Space Agency (ESA) for the development of an high temperature adhesive for carbon/carbon composites: LET SME 2009 Contract Number 22875/09/NL/VS – Carbon Based Adhesive - ESA
	1	Permanent cooperation with the University of Texas at Austin (US) on: ablative materials; development of real time recession sensor techniques for ablatives; development of test beds for ablative materials (enclosed a reference letter).

Education and training		
	15/01/2007 31/10/2009	Ph.D. in “Polymeric Material Nanotechnology” (University of Perugia) – “Development and characterization of a nanotechnology based ablative moulding compound”. My Ph.D. research dealt with the development and characterization of a nanotechnology based ablative Bulk Molding Compound (BMC). Passively cooled rocket combustion chambers can be effectively produced using glass/phenolic BMCs. To improve the ablative properties of traditional BMC formulations, micron sized minerals are used. This research pointed out the improvements of glass/phenolic BMC recipes due to synergy between nanosized silica rich particles and traditional fillers.
	01/02/2006 31/01/2007	Master in “Polymeric Materials Nanotechnology” (University of Perugia) Main topics: Block copolymers at interfaces of polymer blends; Composite materials science and technology; Life cycle analysis; Bio-nanotechnology; Dendritic macromolecules as nanomaterials; Laboratory of mechanical and rheological parameters; Branched polymer architectures; Nanostructured biocomposites; Fullerenes and carbon nanotubes; X-ray scattering; Atomic force microscopy; Crosslinking and polymer networks; Surfaces and interfaces adhesion role in nanotechnologies; Polymer materials for processing nanostructured surfaces and interfaces for applications in nanotechnologies. Title of thesis: “Nanostructured energetic materials for solid rocket propellants: a review”.
	1996 2005	Master degree in Physics (University of Camerino) Title of thesis: “One dimensional granular gas: dynamic properties of inelastic particle systems subjected to pair-interaction potentials” Final mark: 110/110 cum laude
	1991 1995	High school diploma (Electronic Polytechnic School) - IPSIA Filippo Corridoni, Corridonia (MC). A low cost, high speed, 8-channel

Curriculum Vitae MAURIZIO NATALI

	digital data acquisition system was designed and developed. Final mark: 56/60
--	---

Other languages	English	<ul style="list-style-type: none"> • Reading skills Very good • Writing skills Very good • Verbal skills Very good • Certification CAMBRIDGE PET
	Spanish	<ul style="list-style-type: none"> • Reading skills Low • Writing skills Low • Verbal skills Low

Technical skills and competences		
	3	Knowledge of DOS, Windows 3.X, 95, 98, ME, NT Workstation, 2000 Pro, XP, 7, 8, Microsoft Office. Scientific text editor: LaTeX and MathType. Programming languages: FORTRAN 77. Data analysis: Origin 7.0, 7.5 and Kaleidagraph 4.0.
	2	From 1993 to 2000 I used to produce apparatuses based on the use of analog and digital electronics. The ASSEMBLY programming of Z80 microprocessor and ST6 microcontroller and the production of hardware based on Z80 and ST6 were also faced. Knowledge of LabVIEW language.
	1	Good capability to design and produce mechanical apparatus/devices and working metals (lathing, drilling, etc).

Other job experience		
	2010	Temporary teacher for the course: Chimica dei Polimeri e Riciclo dei materiali polimerici nell'ambito del corso CORSO cod. UM 09.02.2E.200 – UM 09.02.4L.015 per "TECNICO DI CONTROLLO PRODUZIONE E PROCESSO NEL SETTORE DELLE MATERIE PLASTICHE".
	2003 2007	I translated from English to Italian papers and books in the fields of the Economics and Political Science for the "Istituto Bruno Leoni" and for the "Centro Einaudi".
	1994 2001	I gave private lessons in the field of analog and digital electronics, mathematics, and physics.
